

Minería de datos y Patrones

Version 2024-I

Clustering: Hierarchical

[Capítulo 6]

Dr. José Ramón Iglesias

DSP-ASIC BUILDER GROUP

Director Semillero TRIAC

Ingeniería Electrónica

Universidad Popular del Cesar

Hierarchical Clustering

General Idea:

- Find the closest two points and cluster them
- The clustered points are considered as a new point
- Repeat until the distance of the closest two points is too large

Hierarchical Clustering

General Idea:
